Dr. M. SEAN HORNE
Superintendent

November 3, 2020

Russell Family,

We have been informed that a staff member with the Russell Preschool Community has tested positive for Covid-19. Out of an abundance of caution, students who attend Preschool Classes on Monday and Tuesday or Thursday and Friday will meet virtually through November 13th. Students in the tuition-based program will continue to meet for face to face instruction.

In an effort to streamline our communication, I will begin to release a statement each Friday detailing Covid-19 positive cases within the District. The Covid-19 Dashboard on the District Website will continue to be updated each school day as well.

Please continue to follow public health guidance; wear a facial covering, wash your hands frequently and practice social distancing.

Sincerely,

Dr. M. Sean Horne,
Superintendent
