Dr. M. SEAN HORNE
Superintendent

December 3, 2020

Dear Russell Family,

Our County continues to be classified as red/critical according to the COVID-19 Current Incidence Rate in Kentucky. We will continue with virtual instruction for grades P-12 through Friday, December 11, 2020. We will make a decision about the week of December 14th next Thursday after the Incidence Map is updated.

Please take advantage of the Grab & Go Meals provided by our Food Service Department. Meals are available daily at Russell Middle School from 11:15 a.m.-12:15 p.m. Please monitor the District Social Media and Remind accounts for other locations where meals may be obtained.

Once again, I know that we all would like for our schools to return to Face to Face Instruction. The best way to accomplish this is to mitigate the spread of this virus. According to the CDC, the best to prevent the spread is frequent hand washing, avoiding close contact with individuals not in your household, and covering your mouth and nose with a mask when you around others. Stay safe Red Devil Nation!

Sincerely,

Dr. M. Sean Horne,
Superintendent
