Dr. M. SEAN HORNE
Superintendent

February 15, 2022

Russell Family,

On Friday, February 11th, the Superintendents of Russell Independent, Greenup County and Raceland-Worthington Independent Schools participated in a meeting with the Greenup County Health Department. Universal masking in schools was one topic of discussion. As a result of this conversation, the Superintendents agreed to monitor the State Incidence Rate along with individual District Covid-19 rates up to March 1, 2022. In agreement with Greenup County Schools, on Friday, February 18th, we will review the District incident rate and make a determination regarding universal masking in our schools and the protocols that will be followed when students or staff are Covid-19 positive.

Sincerely,

M. Sean Horne
Superintendent, Russell Independent Schools
